KIDSDO: GARDENING

Sowing Planner

	January	February	March	April	May	June	July	August	September	October	November	December

How to use your sowing planner:

- First select the flowers and vegetables that you want to grow in your garden
- Choose some colours to use for your key
- Using the information on the seed packets, complete the chart above with all the growing information

Put your chart somewhere that you can see it and check back regularly to see what seeds you need to sow next.
